Because racers participating in the Intermediate event should not be faster than racers in the Main event, a race time test is imposed. Four of the fastest racers in the Main event were asked to forerun the Intermediate Giant Slalom and Slalom courses, and the two* fastest times were averaged. Any racer in the Intermediate Event whose time on either course is within an established %* of the averaged forerunner times is disqualified from all Intermediate race events and will not be considered when determining individual or team awards. In addition, disqualified racer(s) must be promoted to the Main Event for future races.

*As noted in the chart below (established based on course each year)

GS Forerunner Times:

		GS Times	Average
Average of best two GS forerunner times	1	00:34.60	00:34.70
	2	00:34.79	Plus 10%
			00:38.16

Because racers participating in the Intermediate event should not be faster than racers in the Main event, a race time test is imposed. Four of the fastest racers in the Main event were asked to forerun the Intermediate Giant Slalom and Slalom courses, and the two* fastest times were averaged. Any racer in the Intermediate Event whose time on either course is within an established %* of the averaged forerunner times is disqualified from all Intermediate race events and will not be considered when determining individual or team awards. In addition, disqualified racer(s) must be promoted to the Main Event for future races.

*As noted in the chart below (established based on course each year)

SL Forerunner Times:

		SL Times	Average
Average of best two SL forerunner times	1	00:52.44	00:52.60
	2	00:52.75	Plus 4%
			00:54.70

No Additional Disqualifications Based on SL Forerunner Times
